DETAILED ACTION

Information Disclosure Statement

The Examiner has considered the information disclosure statement filed on 2/25/05.

Claim Rejections - 35 USC § 102

The following is a quotation of the appropriate paragraphs of 35 U.S.C. 102 that form the basis for the rejections under this section made in this Office action:

A person shall be entitled to a patent unless –

(b) the invention was patented or described in a printed publication in this or a foreign country or in public use or on sale in this country, more than one year prior to the date of application for patent in the United States.

Claim 1 is rejected under 35 U.S.C. 102(b) as being anticipated by Hall et al (US 5,553,328).

Hall discloses a deployable combiner with means for angularly moving the reflecting member at a first speed employed at a normal time (see col. 4).

Claims 1-4 are rejected under 35 U.S.C. 102(b) as being anticipated by Murphy et al (US 5,394,203)

Murphy discloses a retractable combiner with means for angularly moving the reflecting member at a first speed employed at a normal time (see figure 4 and col. 3).

Regarding claim 2, when the switch is pushed to place the combiner in storage (see col. 2, lines 5-30)

Regarding claim 3, see col. 3, lines 60-67.

Regarding claim 4, the motor is operating at a first speed.

Allowable Subject Matter

Claims 5-7 are objected to as being dependent upon a rejected base claim, but would be allowable if rewritten in independent form including all of the limitations of the base claim and any intervening claims.
